To All Academy Families:

The school year moves incredibly fast, it is hard to believe that we are already moving toward the end of January and coming up on Catholic School's week.

Catholic Schools week is an important part of our year; not only do we get to showcase the tremendous success of our school we also begin the important work of registration for the 2010-2011 school year. In this packet you will be receiving all the materials that are needed to re-register at The Academy plus information about incentives that we are offering if you refer another family who registers and attends school in September.

We fully understand and appreciate the sacrifice of time and finances it takes for our families to send their children to The Academy of Our Lady of Peace; and we would like to remind you that we do offer tuition assistance to families who would like to attend our school but could use financial help. If you would like more information on how to apply for tuition assistance please call the schools office and ask for Mr. Berrios and I will be happy to assist you.

We are very proud of the work we do at The Academy, our school continues to grow and our students continue to excel academically, behaviorally, spirituality and socially. We are thankful to all of our families for the trust and support you give to us and we pledge to continue to provide an excellent educational community for all of our families. As you consider re-registering your child please consider some of what The Academy has to offers:

- An education rooted in Catholic values
- Continued academic excellence throughout all grades
- Award winning Robotics, Forensics and Track teams
- Volleyball (and this spring middle school softball (girls))
- Excellent high school placement for our graduates along with thousands of dollars of scholarships awarded
- An instrumental music program offered by The Wharton School of Music along with an active school choir
- Brand new playground
- Over \$50,000 in educational technology added in the past 12 months
- A brand new science lab
- And a newly expanded prek-3 and 4 year old, full and ½ day program

We look forward to working with you next year and in the future as we continue our exciting journey with our Academy families to make The Academy of Our Lady of Peace one of the premier elementary schools in Union County.

Sincerely,

Thomas C. Berrios, Principal  
The Academy of Our Lady of Peace
