Dear Parents,

Throughout the year, students are photographed participating in various school-sponsored activities both on and off school property. Occasionally the Marketing Committee uses the photos for publicity by submitting them to local newspapers such as the Independent Press. Additionally, the photos may be used in school brochures, promotional material or marketing materials, via print or on the school's website. In order for us to submit a photo of your child or children to the newspaper, website, or any other means, we must have your permission. Therefore, we ask that you please complete the form at the bottom of this page and return in the communication envelope as soon as possible. If you have any questions or concerns, please let me know.

Thank you,

Mr. Thomas Berrios
Principal

I/We grant permission for my child to be photographed during school hours or school sponsored activities during the 2008-2009 school year. I/We understand that the photos may be used for publicity, promotion or marketing purposes and that they may be submitted to various newspapers or used on the school's website. I/We further consent that my child/children names and identity may be revealed therein or by descriptive text or commentary.
