^{Diocese}
Dear friends,

I like to refer to our work here at St John's as a "MISSION". Why? We believe it is Jesus who called us to bind up those who have been broken by life. The staff + volunteers do amazing things for God's poor. Each day we begin with prayer + reflection to remind us we are not in control of our day. God is!

The work of our Medical Clinic is prospering. God sent a Doctor to help us. We continue to feed over 700 people daily. We don't worry about running short. It is God who works in us. He is effective in using our strengths + weaknesses.

I am in awe of what God is doing here. Thank you for being a part of the MISSION.

Peace, J. Neil
